

## UNDERSTANDING THE INVESTMENT PLAN OF ROXY-MINERS

### 1. INTRODUCTION:

Roxy-miners.com is an international investment group registered and regulated in the United Kingdom with a differentiated strategy to create sustainable value for stakeholders. The group is active in both providing flexible financing to other investors as well as acquiring mid-size private companies.

Investing in Europe, North and South America, the group has particular expertise in Financial Services (especially the private equity industry ecosystem), specialty industrial and asset backed consumer businesses.

Roxy-miners.com offers flexible financings up to \$500m across the capital structure and invests in secondary market opportunities. Mainly for investors in private equity; value creation, liquidity and other strategic objectives can be enabled even in complex situations.

#### 1.0. Purpose of the Investment Plan:

- ✓ **Interest Payments:** For debt instruments like bonds, investors receive periodic interest payments
- ✓ **Dividends:** Investors may receive regular dividend payments if the company is profitable and decides to distribute a portion of its earnings.
- ✓ **Capital Gains:** The value of the investment may increase over time, allowing investors to sell their shares at a higher price than the purchase price, thus realizing capital gains.

## EXPLANATION OF HOW THE INVESTMENT PLANS WORKS

The "STARTER PLAN" investment plan has the following features and terms:

### Key Features:

1. **Duration:** 7 days.
2. **Minimum Deposit:** \$200.
3. **Maximum Deposit:** \$5000.
4. **Daily Profit:** 2.4% for each of the 7 days.
5. **Referral Commission:** 15% (you earn this percentage for referring other investors).
6. **Profit Withdrawal:** Available after the 7-day period.
7. **Capital/Profit Withdrawal:** Available on a monthly basis.

### How It Works:

1. **Investment:**
  - You can invest any amount between \$200 and \$5000.
2. **Profit Calculation:**
  - You will earn 2.4% of your deposited amount daily for 7 days.
  - For example, if you deposit \$1000:
    - Daily profit = 2.4% of \$1000 = \$24
    - Over 7 days, the total profit will be 7 \* \$24 = \$168

### 3. **Withdrawal Terms:**

- **Profit Withdrawal:** You can withdraw the accumulated profit after the 7-day period ends.
  - Continuing the example, after 7 days, you can withdraw \$168.
  
- **Capital/Profit Withdrawal:** You can withdraw your initial deposit (capital) and any accumulated profit on a monthly basis. This means after 30 days or the next monthly cycle, you can withdraw both your initial deposit and any additional profit earned if the investment is allowed to roll over.

### 4. **Referral Commission:**

- If you refer someone else to this investment plan, you will receive a 15% commission on their deposit.
- For instance, if a referred person deposits \$1000, you earn 15% of \$1000 = \$150.

### **Example Scenario:**

- **Initial Investment:** \$1000
- **Daily Profit:** \$24 (2.4% of \$1000)
- **Total Profit After 7 Days:** \$168
- **Total Withdrawal after 7 Days:** \$168 (profit only)
- **Capital Withdrawal:** \$1000 (initial investment) plus any profit after the monthly cycle

This plan encourages short-term investment with a relatively high daily return, combined with the potential to earn additional income through referrals. It also has a structured withdrawal system that separates profit withdrawals and capital withdrawals into different time frames.
